

Our Camelot has no myths, just plain hard work and real accomplishments. A lot has changed since 1971. The original Port Richmond storefront has been demolished and will be rebuilt as a 35 bed Reintegration Program with an Outpatient component. In 1992 we opened Staten Island's first SUD 25 bed residential facility. In 2012 we opened our 45 bed program for males on the Sea View Hospital Campus. Plans are in motion to open Staten Island's 1st 47 bed Women with Children Residential Treatment Program on the campus of Sea View Hospital. The most important change has been the increase in our knowledge of Substance Use Disorder treatment ... and what it takes to sustain recovery.

Good behavioral therapy is always important, but not the sole ingredient of a sustained healthy lifestyle. Repairing yesterday's trauma is only half the battle. That's why we stress teaching down-to-earth life skills, giving clients a sense of self mastery, reducing their feelings of inadequacy, and fostering independence from drugs and government subsidy.

We are extremely proud that the Richmond Masonic Association have chosen Camelot and in doing so have shown their recognition of Staten Island's No.1 Public Health Epidemic of drug misuse resulting in overdose deaths. The Richmond Masonic Association have been a backbone organization in our society and their alliance with Camelot's cause is monumental, for the good of us all. I am the honored recipient of the DeWitt Clinton Masonic Award for Community Service in 1993. Collaboration is the cure !
